

BCA Technical Interview Questions and Answers

1. What is a variable?

A variable is a named memory location used to store data that can change during program execution.

2. What is a data type?

Data types define the type of data a variable can store (int, float, char, string, etc.).

3. What is an array?

An array is a collection of elements of the same data type stored in continuous memory locations.

4. What is a loop?

A loop is used to repeat a block of code multiple times (for, while, do-while).

5. What is a function?

A function is a block of reusable code that performs a specific task.

6. What is OOP?

OOP organizes code using objects and classes. The four pillars are Encapsulation, Inheritance, Polymorphism, and Abstraction.

7. What is method overloading?

Having multiple methods with the same name but different parameters.

8. What is method overriding?

Redefining a parent class method in a child class.

9. What is recursion?

A function calling itself.

10. What is DBMS?

A Database Management System used to store and manage data.

11. What is RDBMS?

A DBMS that stores data in tables with rows and columns.

12. Primary Key vs Foreign Key

Primary key uniquely identifies a row. Foreign key links two tables.

13. What is normalization?

Organizing data to reduce redundancy.

14. What is a join?

Combining rows from multiple tables.

15. What is a process?

A program in execution.

16. What is a thread?

A lightweight process.

17. What is deadlock?

Two processes waiting for each other forever.

18. What is virtual memory?

Using disk as additional memory.

19. What is IP address?

A unique address for a device in a network.

20. TCP vs UDP

TCP is reliable and connection-oriented. UDP is fast and connectionless.

21. What is HTML?

A markup language to structure web pages.

22. What is CSS?

A style sheet language for designing web pages.

23. What is JavaScript?

A scripting language for interactive websites.

24. What is a stack?

A LIFO data structure.

25. What is a queue?

A FIFO data structure.
