Academic Qualifications

Degree	University/Board	Year	%/CGPA
Bachelor of Computer Applications	Acharya Bangalore B School (Autonomous)	2023-2026	8.52
12 th STATE	SSM PU College	2023	87%
10 th STATE	Ganga International School	2021	76.8%

Academic /Live Projects/ Dissertation

Voice Object Detection	- Developed a voice-controlled object detection system using JavaScript, HTML, and CSS. - Implemented custom audio processing and integrated AI-based object detection techniques for an interactive user experience.
Guard Bot-Robotics Simulation	Designed and simulated a doorstep security Guard Bot integrating PIR and Ultrasonic sensors for motion and distance detection. Implemented alert responses using Arduino programming, with the entire model developed and tested in the Tinker CAD simulation environment.

Value Adding Exposure

- Collaborated with a peer to set up a small business and stall as part of the Entrepreneurship Cell initiative, successfully generating profit through strategic planning and execution.

Key Skills & Competencies

- Communication Skills
- Basic knowledge of HTML, CSS
- Leadership
- Adaptable

Achievements

- Achieved certification as a Cyber Security Analyst, demonstrating strong knowledge in security analysis and threat management.

Certifications

- Cyber Security Analyst - IBM
- Artificial Intelligence Program Workshop (2025) – Intel and Diya Robotics

Extra-Curricular Activities

- Actively participated in 5K Marathon event.
- Presented a research paper at the National Conference (DIDAM) held at BIMA College.

Languages Known

- English, Hindi, Kannada
